ADDITIONAL GUIDANCE NOTES

SOCIAL PLAY / GROUP ACTIVITY / COMPETITIONS

- Outdoor
 - Singles and doubles social play for adults and children is permitted at all levels in line with indoor and outdoor social contact group limits. Players at level 3-4 should maintain physical distancing where they are not from the same household or extended household.
 - Coaches can run organised outdoor group activity and training sessions for adults and children in line with the 'field of play bubble' limits above.
 - Competition for both adults and children (including inter club competition) is permitted, and subject to daily competition size limits as per the levels above.
- Indoor
 - Singles and doubles social play for adults and children is permitted at levels 0-3. Players should maintain physical distancing at level 3 where they are not from the same household or extended household.
 - Coaches can run organised indoor group activity and training sessions for adults at level 0-2 and children at level 0-3, with the total number of participants allowed to take part following [Scottish Government guidance on the opening of sport and leisure facilities](#), and court limits.
 - Competition for both adults and children (including inter club competition) is permitted, and subject to safe occupancy levels based on [Scottish Government guidance on the opening of sport and leisure facilities](#).
- Where there are multiple bubbles operating at the same venue these must be risk assessed to ensure there can be no mixing of participants before, during or after the activity. Specific mitigations could include staggered start times, limiting car parking or controlling access / egress points.
- The number of coaches supporting an activity for children and young people under 18 years of age should be risk assessed and kept to a minimum, whilst maintaining appropriate coach/child ratios

PERFORMANCE SPORT

- Tennis has [Resumption of Performance Sport](#) guidance in place and approved by Scottish Government / **sportscotland**, and so is permitted at all Levels irrespective of the restrictions in place for recreational activity

SPECTATING & SUPERVISION [UPDATED]

- Spectators are not permitted unless:
 - where supervising a child and/or vulnerable person or
 - where a competition or event is organised and takes place at premises whose entrances and exits are controlled for the purpose of crowd and capacity management in line with Scottish Government ([COVID-19: events sector guidance](#) and [COVID-19: calculating physical distancing capacity in public settings](#)).
- It is recognised that it may not always be possible to prevent people from spectating [at a competition or event] in a public space such as a park. In such circumstances, the organisers are required to consider mitigating measures as part of their risk assessment/management plan with an emphasis on discouraging, where possible, informal spectating. Any such measures should be clearly communicated by the organiser prior to the competition or event which may include, amongst other things, the displaying of notices around the venue to remind club members and the general public to follow Scottish Government guidance.

- For clarity, where informal spectating does take place organisers are not expected to enforce government guidance on members of the public in places not under their control

TOILETS, CHANGING & SHOWER ROOMS

- For Level 0-3, use of changing rooms and showering facilities can be used but should still be avoided where possible, although these should be made available for participants who require support such as those with a disability. At Level 4, changing rooms should be closed. Facilities should use specific guidance relating to use of 'Changing and Showers' available at [Getting Your Facilities Fit for Sport](#). This is applicable at all levels where facilities remain open
- Venues may open public toilets across all levels if they follow the guidelines outlined on the Scottish Government website [Opening Public Toilets Guidelines](#)
- Access to toilets and to floodlights is permitted, but must be risk assessed and appropriate mitigating actions put in place to minimise risk

HOSPITALITY & RETAIL

- The grid above had been updated to reflect restrictions on opening hours for hospitality and catering
- Where provision of catering and bar services is permitted, clubhouses and sports facilities should adhere to Scottish Government guidance appropriate to the protection level in which they are operating. Further information is available at [Coronavirus \(COVID-19\): tourism and hospitality sector guidance](#)
- Where retail units operated by sports facility operators can reopen, Scottish Government guidance for retailers appropriate to the protection level in which they are operating should be adhered to. Further information from the Scottish Government is available at [Retail Sector Guidance](#)

WORKFORCE

- Sports facility operators must ensure that Scottish Government guidance on [workforce planning in sport & leisure facilities](#) is followed for contractors and staff and ensure existing health and safety advice is maintained and aligned. This should be detailed in the risk assessment
- Consider whether meetings and training must be completed in person or whether alternative approaches can be used. If it is essential that meetings and training takes place in person, [Scottish Government guidance for general workplaces](#) must be followed and a risk assessment should be completed

TRAVEL [UPDATED]

 - Should only travel locally (within their local government area) to take part in tennis activity
 - They must not enter Levels 0-2 or any other Level 3 or Level 4 area unless for a permitted reason.
